Glacier Camp wants to give **everyone** the opportunity to grow in faith. That's why we offer

camper scholarships.

Our scholarship fund is **not unlimited**: please only apply if you really need it, and only for the amount you really need. That way, more kids can come to camp.

To apply, you **must** fill out a scholarship application **and** submit regular camper registration (including paying the $100 deposit.) You can access **both** forms via the big blue link button right underneath this orange box.

After reviewing your scholarship application, we will be in touch to confirm your camper's place. In the unlikely event that your scholarship application is denied, your registration deposit will be refunded.

If you cannot even pay the deposit due to financial circumstances, please contact us directly via phone or email to discuss options.
